EDUCATION

FOSTER SCHOOL OF BUSINESS, UNIVERSITY OF WASHINGTON, Seattle, WA June 2023

Master of Business Administration – Management Science (STEM)

- Dean's Merit Fellowship; Bruno Strauss Endowed Fund for Engineering and Business

BOSTON UNIVERSITY, Boston, MA May 2018

Bachelor of Science, Mechanical Engineering

- Minor in Computer Science; Magna Cum Laude; GPA: 3.72/4
- AI/ML Projects: Hand-gesture recognition to play Tetris; Handwriting recognition using ML; ANN based chatbot

EXPERIENCE

KPMG, Seattle, WA 2023- Present

Sr Associate – Strategy – Technology, Media & Telecommunications

- Spearheaded LLM-based product matching engine for 300k+ SKUs for a medical supplier; enabled dynamic pricing guidance for high-margin upselling and competitor quote matching (reducing ~1 month cycles)
- Developed strategy for a Fortune 500 client to streamline their 400+ tool portfolio into 6 portals, enhancing overall customer experience; reducing ~30% in time inefficiencies caused by frequent tool switching
- Crafted an AI integration roadmap for a sales tech provider's product suite; interviewed 8 key personas to gather customer requirements that led to 700+ AI use case infusions across user journeys
- Created AI transformation strategy for a global industrial manufacturing client; ideated and prioritized 60+ AI use cases with \$100M+ in projected value; designed execution roadmap that was presented to the C-Suite
- Delivered a 3x growth plan with ~50% less headcount; diagnosed unscalable sales model through sales and ops analytics and peer benchmarking; designed separate sales model for Enterprise/mid-market & delivered 3 yr roadmap
- Drove \$1.3M margin uplift and identified \$16M churn-risk revenue for a \$60M IoT vendor by identifying customer willingness to pay more for premium services and identifying segments of customers driving lower margin
- Identified \$18M in incremental revenue redesigning pricing strategy for a \$500M CDN business, shifting to a consumption-based model; benchmarked peers, back-tested consumption & designed simplified offer price book
- Quantified \$5B - \$7B in cost synergies for one of the largest public-to-public media acquisition bids; established and modeled synergy levers across content generation, distribution, and corporate SG&A

AMAZON DEVICES – ALEXA AI, Boston, MA 2022- 2022

Sr Product Manager – Technical Intern

- Eliminated 300+ hours/week of customer-team's downtime via a proposed data-storage abstraction layer
- Reduced \$1.1M/yr storage spend by translating 30+ ML scientists' needs into an automated data-deletion roadmap
- Performed root cause analysis on storage instability; proposed solution to reduce model production time by 75%

J.S. HELD & PERRY ASSOCIATES LLC, Boston, MA 2018- 2021

Consultant (2020-2021)

- Built workflow for a 4-year, \$213M rail yard project reducing duration by 4 months & overhead costs by 10%
- Facilitated multi-functional trade meetings to budget & ensure project deadlines were met - saving \$100k/month
- Halved client's average collection period by implementing a streamlined cross-division pay requisition process

Project Controls Engineer (2018-2020)

- Led a team of 10 to analyze equipment data in response to Massachusetts's largest gas explosion; reduced client's procurement cost by 20%; analysis was presented to Governor

SKILLS AND ACTIVITIES

- Technology (Proficient): MATLAB, Python (Pandas, NumPy), Java, SQL, Alteryx, Tableau, Power BI, ML, AI
- Sports: Coached over 50 students at Boston University Cricket Club; Member of St. Columba's Cricket Club
- Hobbies: Photography, Photoshop, Lightroom
